

FOSHAN HK BUILDING MATERIAL COMPANY

Metal iron door

Iron gate

Garage door

One-stop solution for your Self-built houses or construction projects

Save your time, Save your cost!

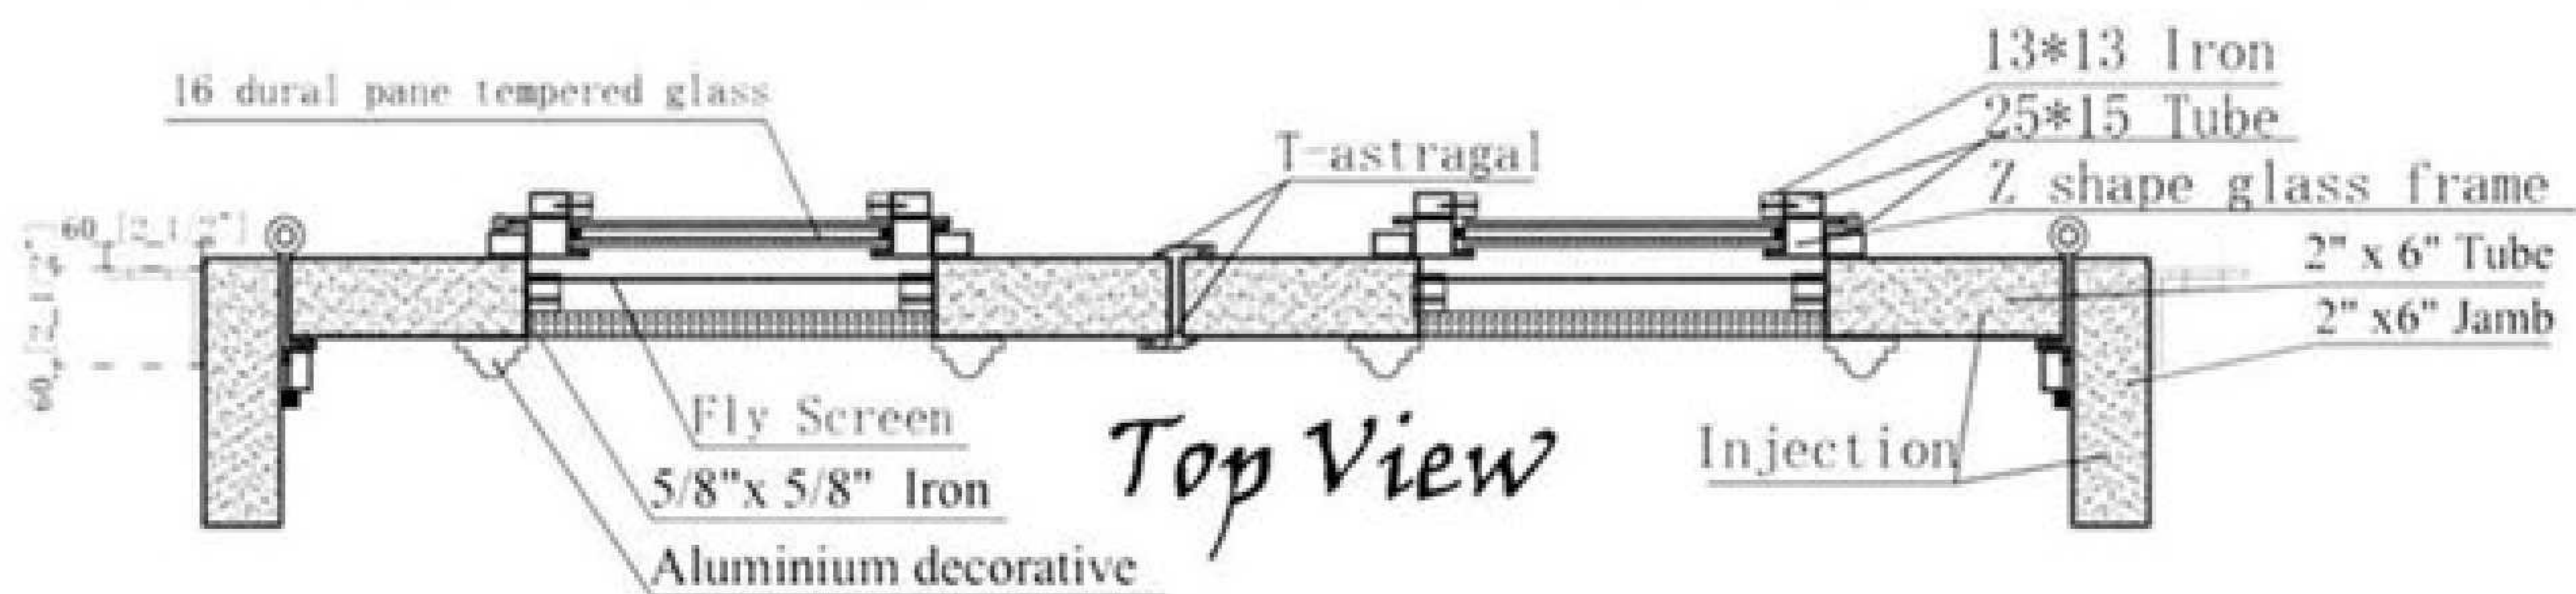

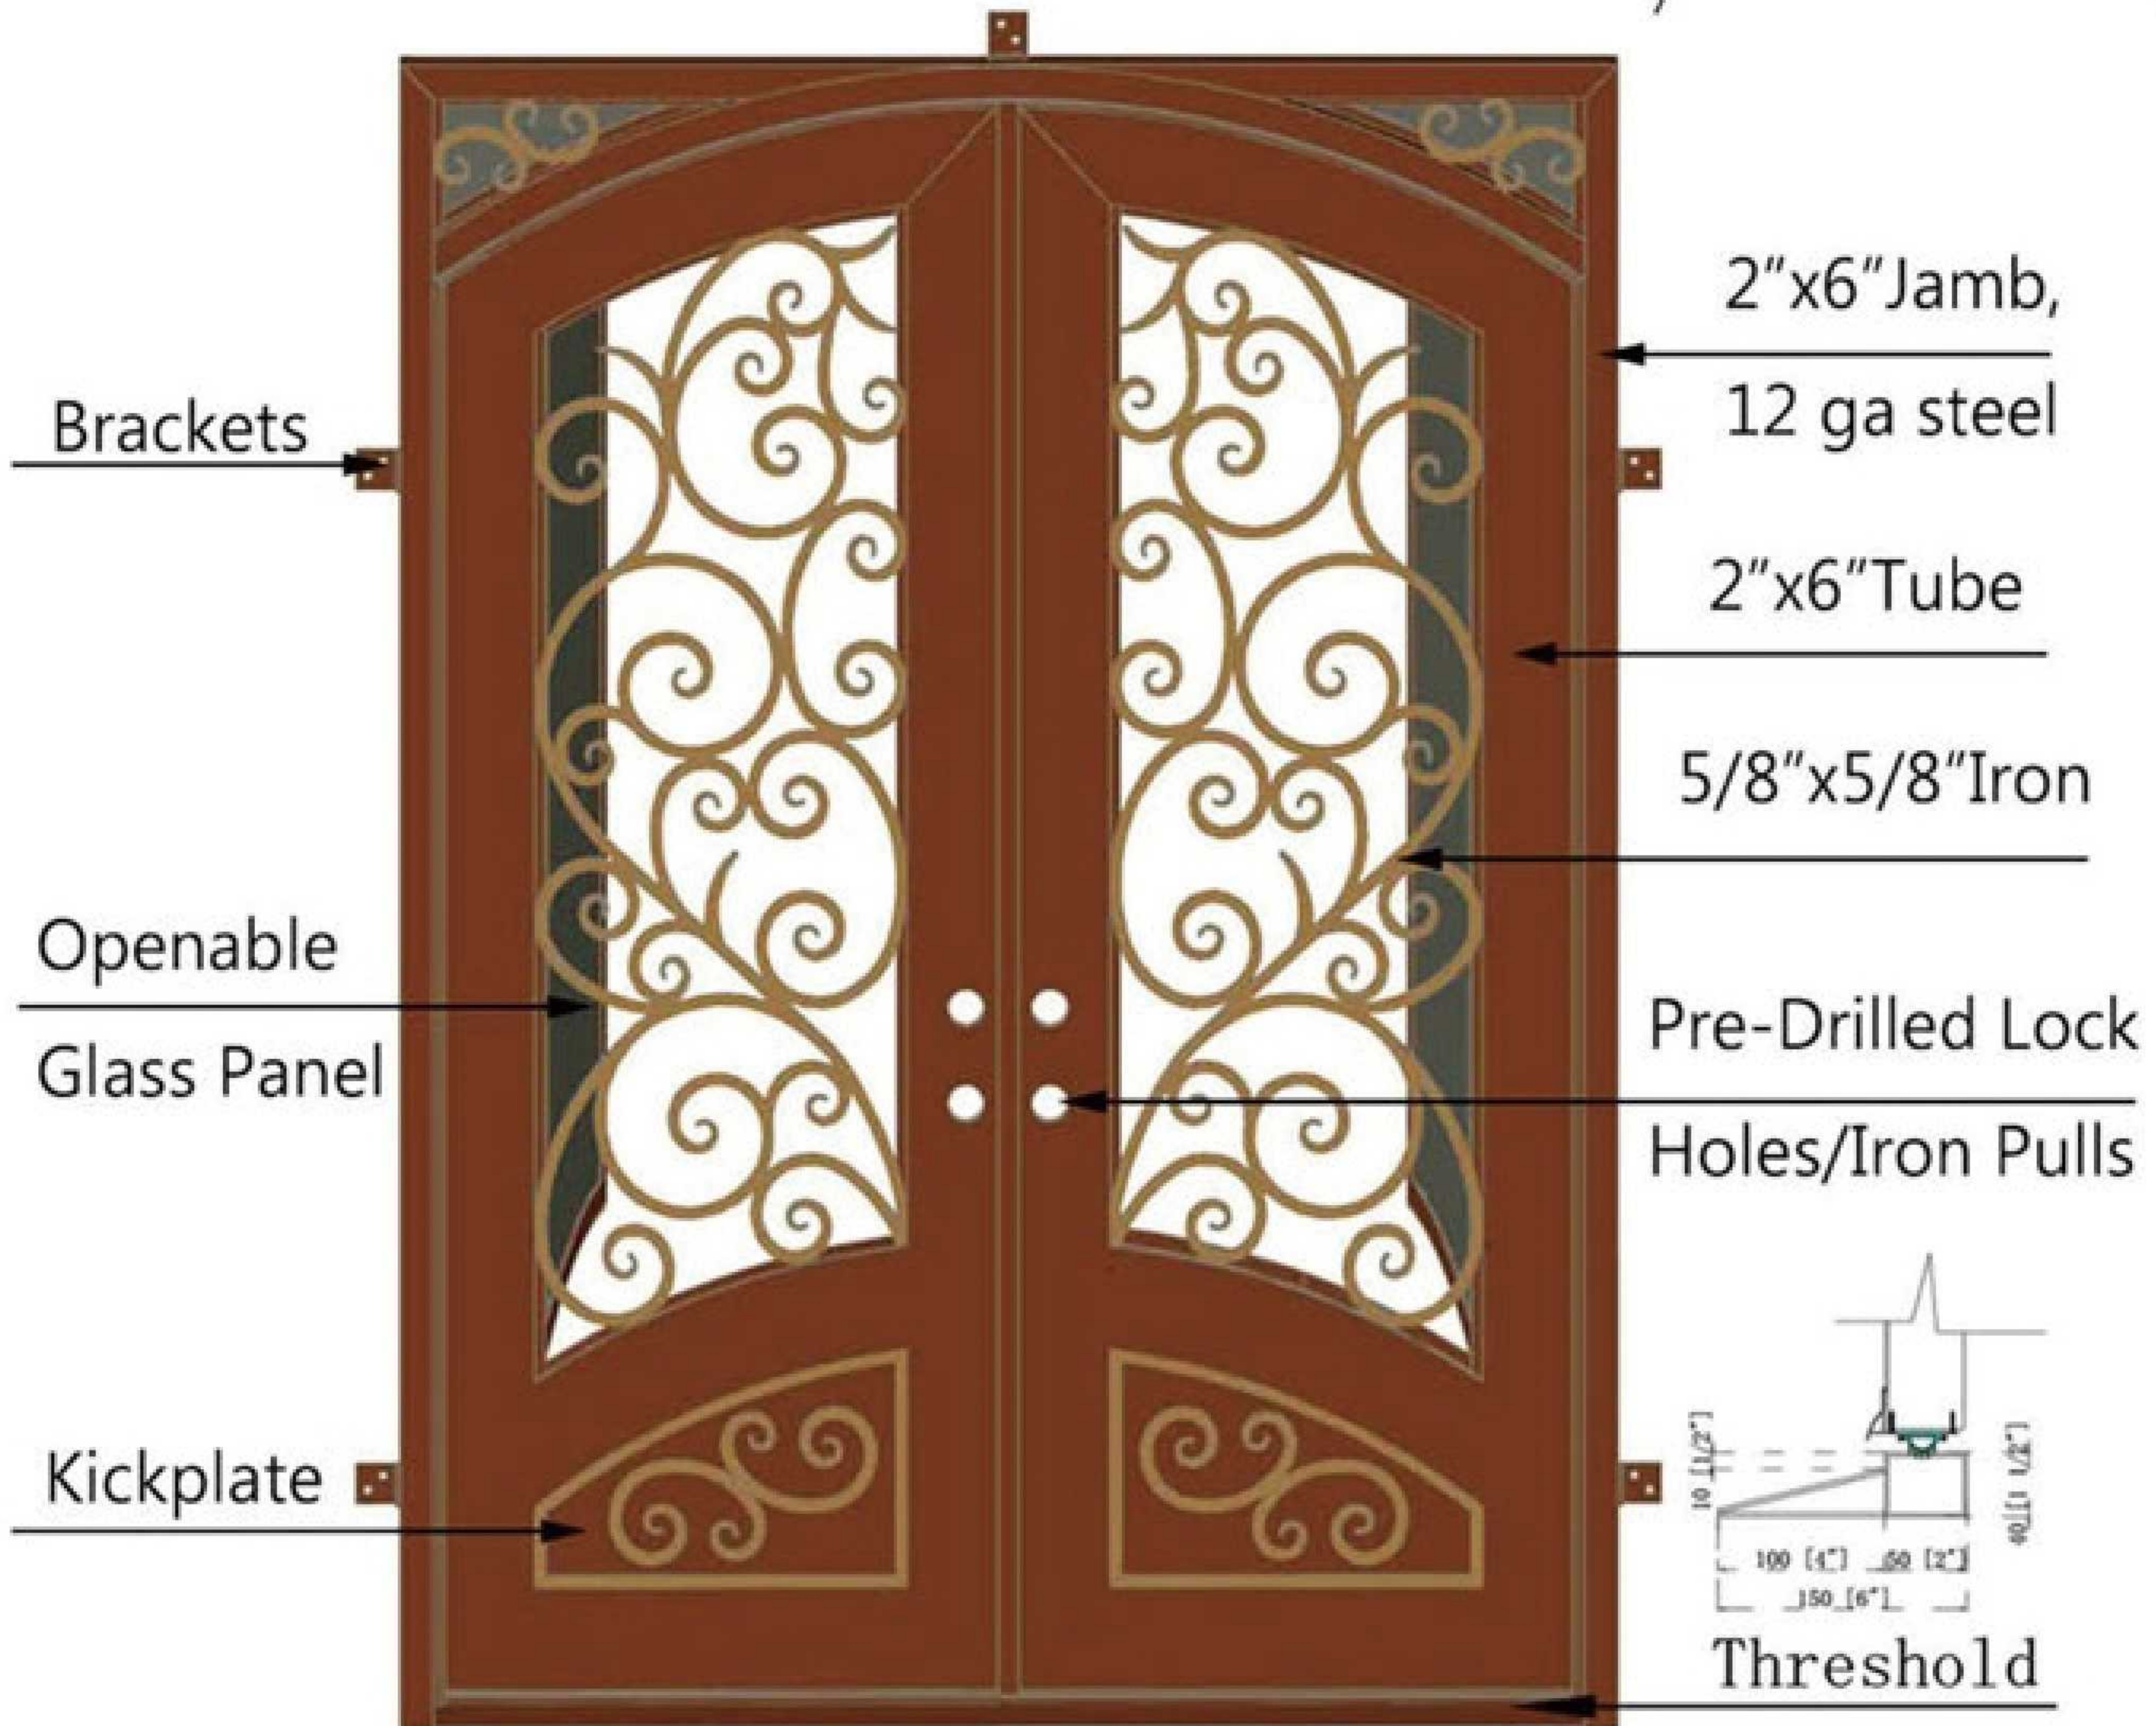

Metal iron door

Engineered to Perfection

Custom Fitting Custom Designs

Decades of Experience

Exceptional Quality

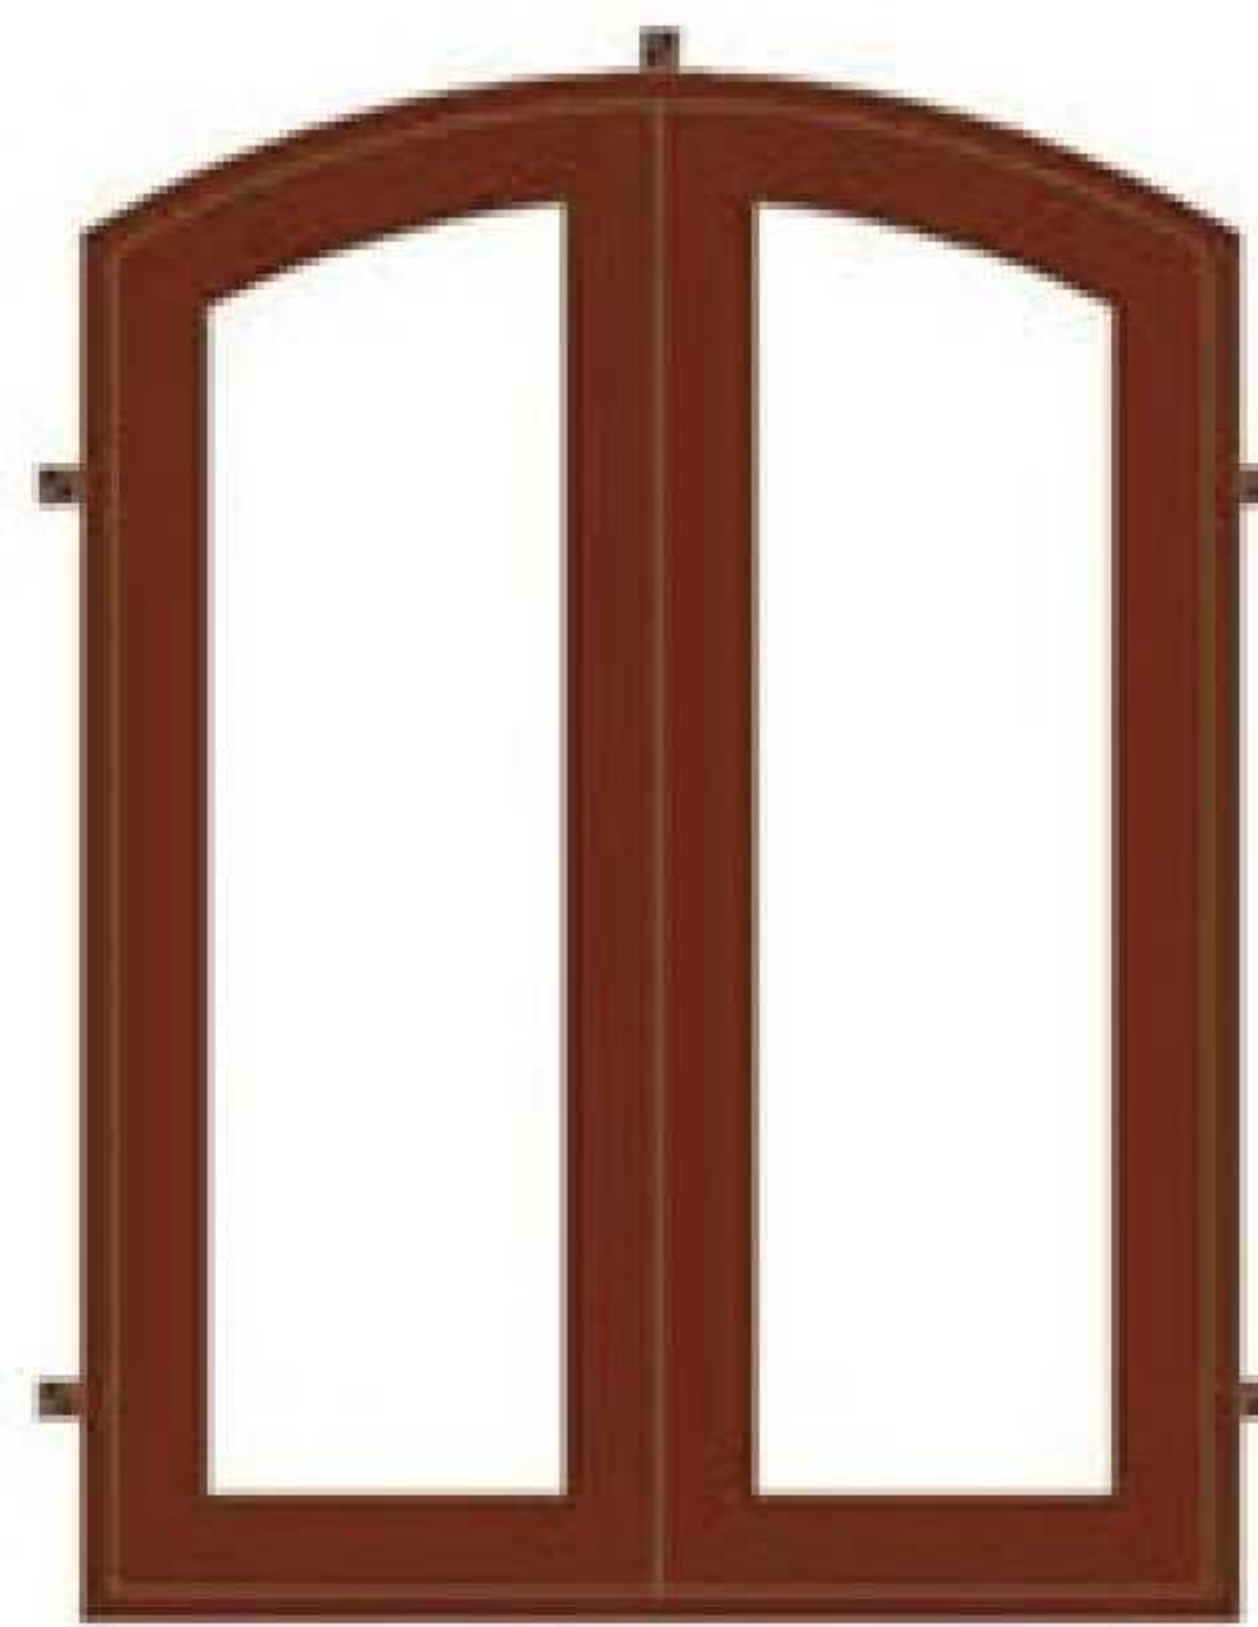

CAD: Computer Aided Design and Computer Aided Manufacturing utilises computers to assist with drawing up and producing intricate designs in sheet iron and other parts. All of our doors and gates are drawn by CAD, and related details and their dimension are clear show on the drawing.

Metal iron door

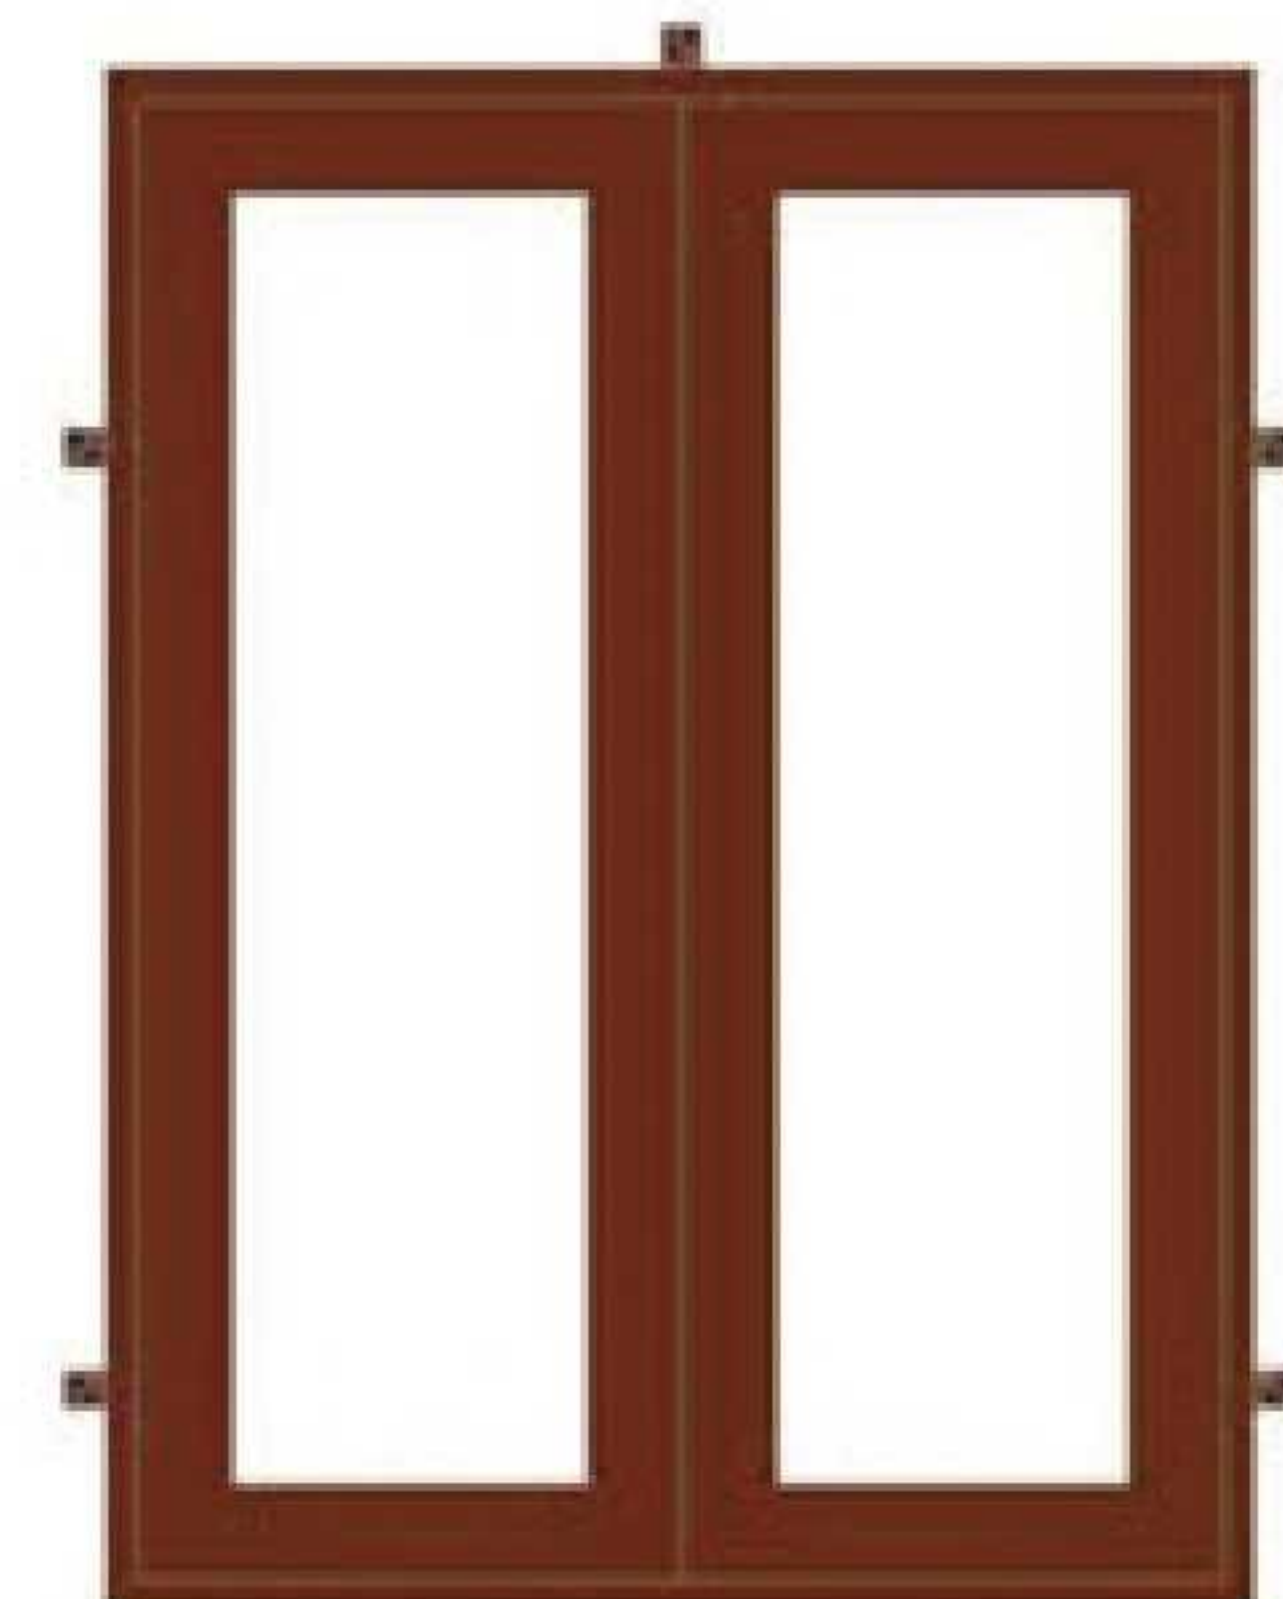

Door Structure

Full Round

Eyebrow Arch

Flat Top

Standard Configurations:

Precise formed steel for door jambs;

Hand forged solid iron scrolls at sizes 1/2"(14mm) or 5/8"(16mm);

Strong ball bearing hinges for easy installation of standard lock system;

Elegant hand-made iron handles;

Fully welded and installed threshold;

Extension flush bolts are used on double door units. The Flush bolt is the mechanism that locks the inactive leaf. One flush bolt locks into the top of the door frame, and the other bolts into the threshold/floor;

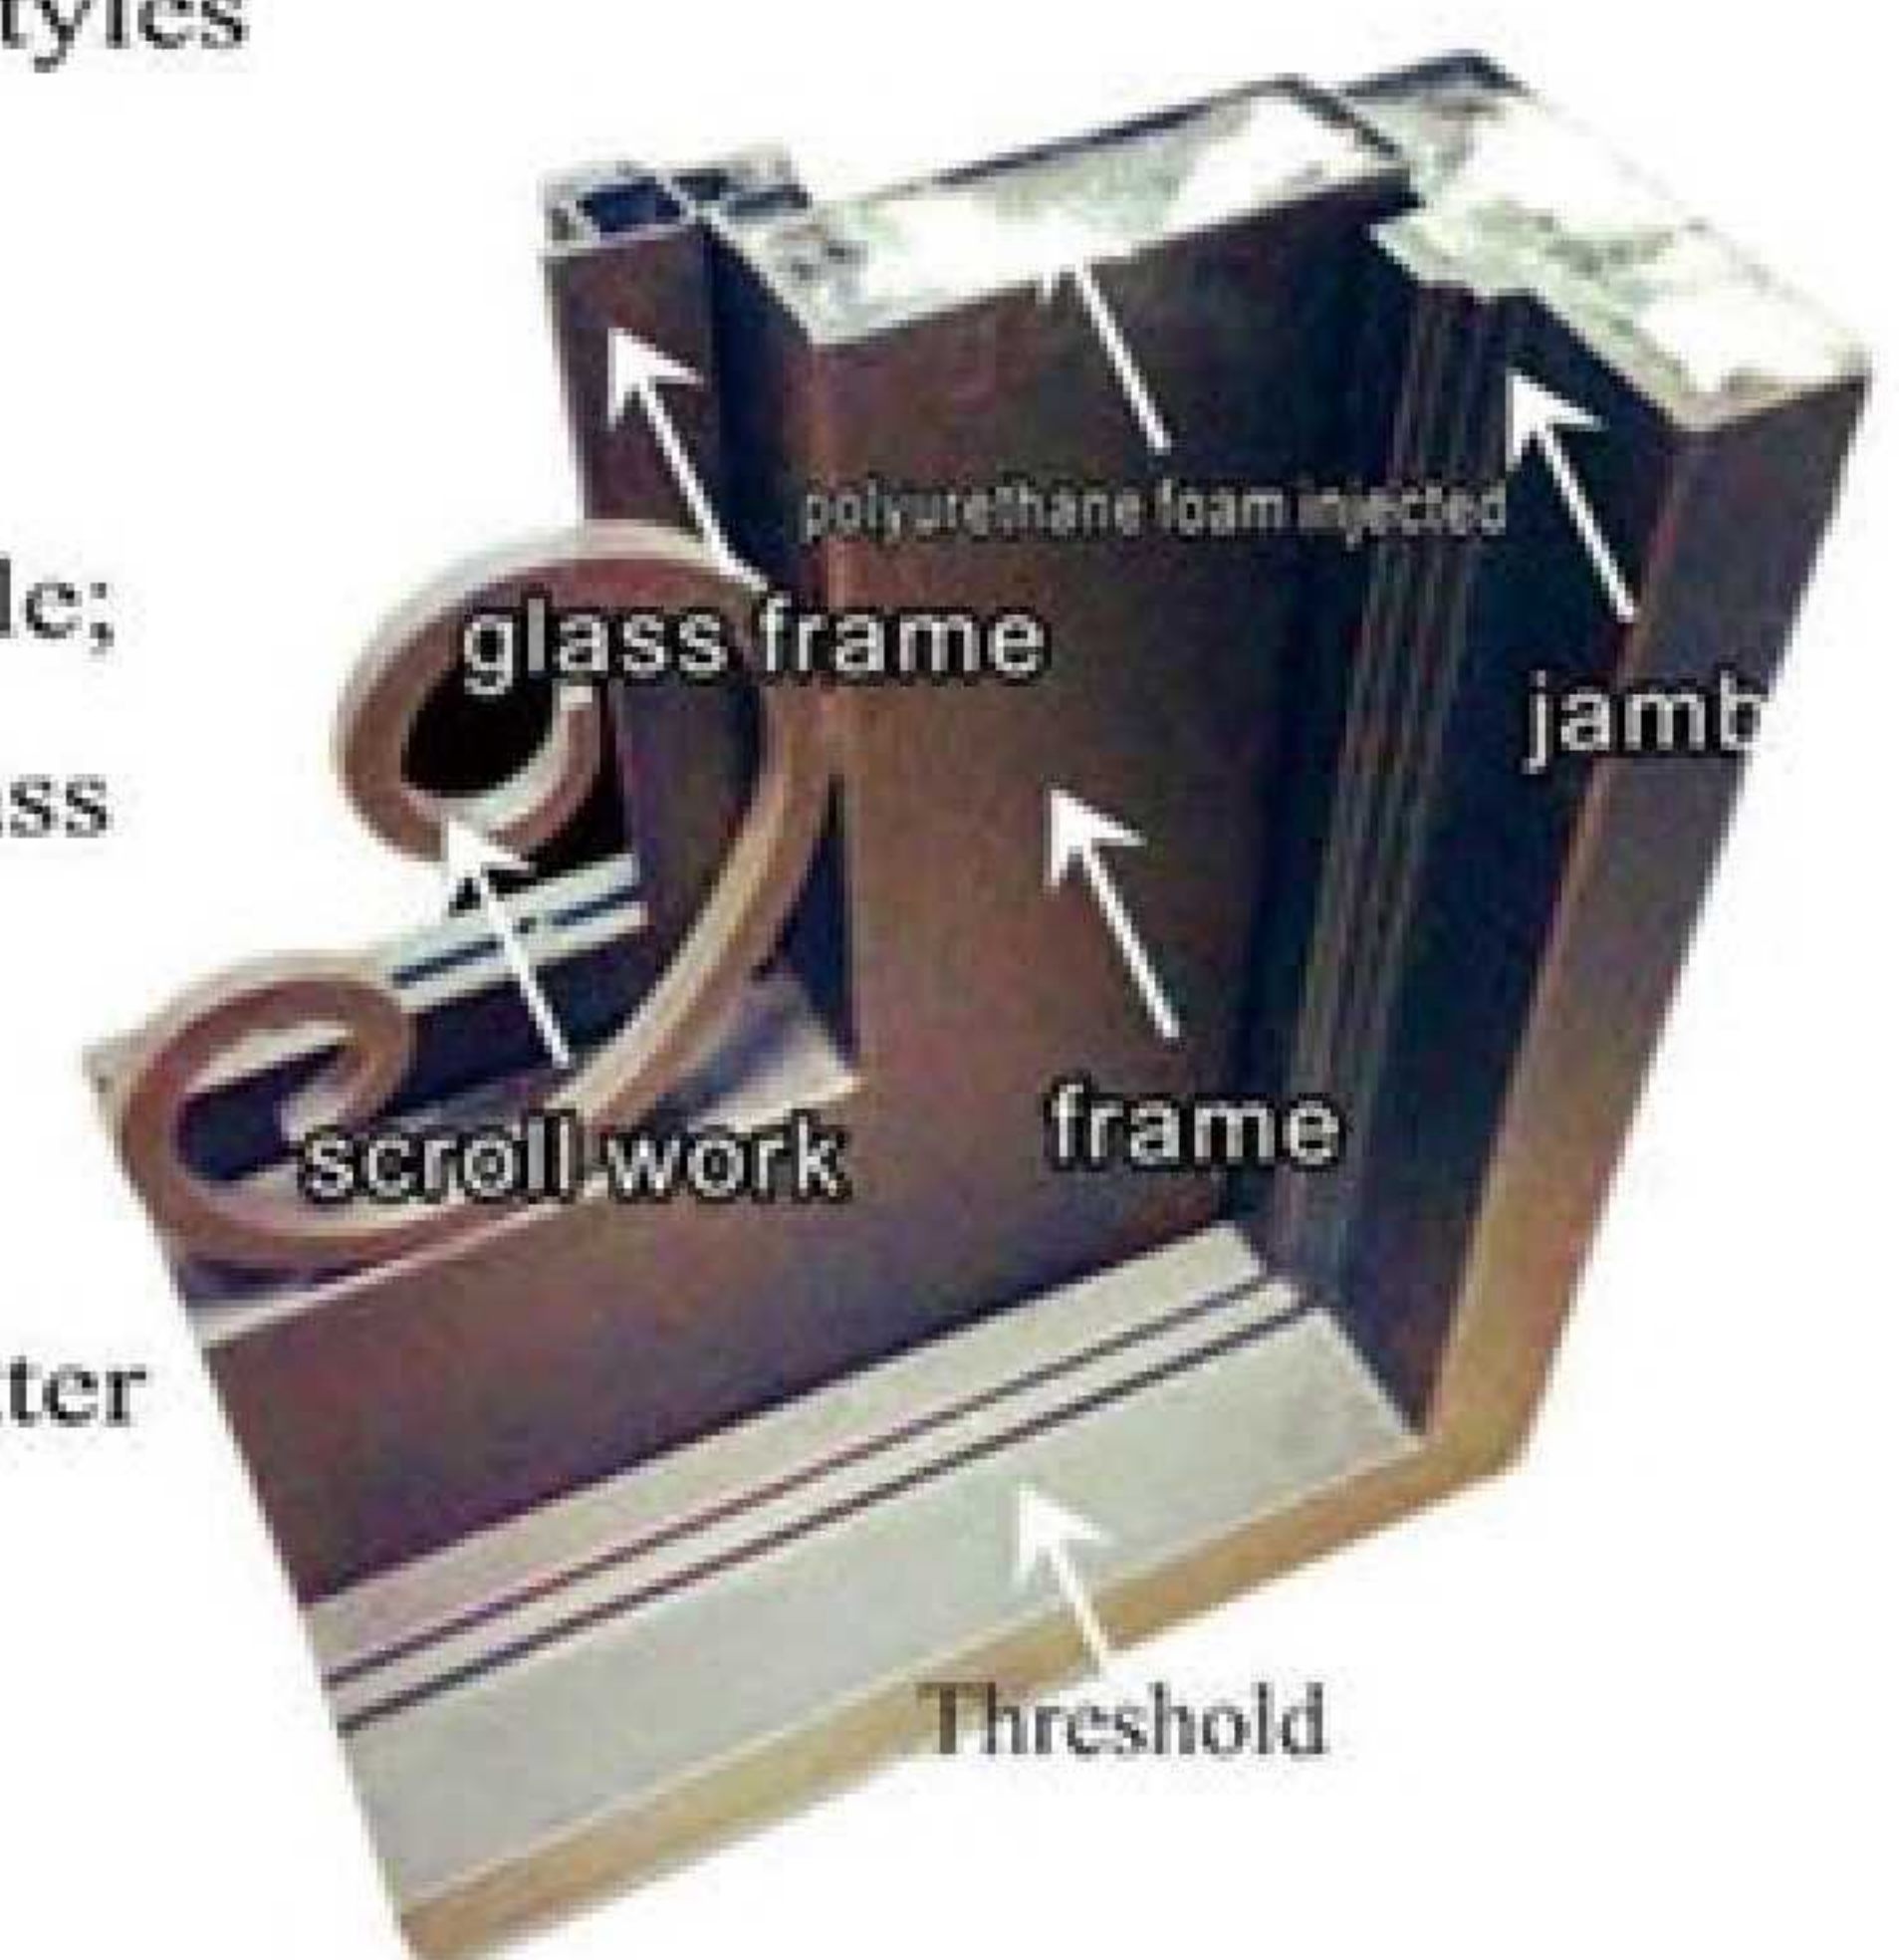

Dural-Pane Tempered glass with sound and heat proof, many glass styles available for selection;

Glas panels are operational for ventilate. And fly screen also available; Weather stripping and rubber seals around jamb, door panels and glass frames to keep away from rain and wind;

PU foamis injected into door jamb, door panels and threshold for better energy-saving;

Welded mounting brackets for friendly installation at site;

Environment epoxy primer for painting, many color options available for selection;
